PANORAMIC HAS RECRUITED

**27,645**  
PARTICIPANTS

August has been our best month so far this year with **244** participants randomised!

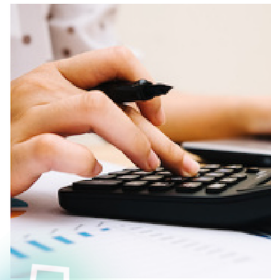

## Boost to recruitment!

Central team & Wales approved to send text messages to potential participants.

### Substantial Amendment 10 (SA10)

- Text messaging reinstated for the Central trial team to contact people in England who have recorded a positive test for COVID-19.
- Approval also extended to colleagues in Wales.

To ensure that every eligible patient can join PANORAMIC, please **remember to complete randomisations as early as possible in the day, before the 4pm cut-off time.**

Please remember to **submit your invoices** for any **unclaimed** trial costs. You can do this via email to the main trial inbox. (Trial IDs only please, no personal data!)

## Winter is coming!

Don't forget to **order your lateral flow kits now** so that your team has enough stock to last throughout the upcoming seasons. (The ordering portal will not be available after September.)

## Additional boost to recruitment!

### Substantial Amendment 08 (SA08) Approval now received

- Allows patients, who previously took part in the Molnupiravir vs Usual Care randomisation, to re-enter the trial in the Paxlovid vs Usual Care randomisation, if they newly test positive for Covid-19 and other eligibility criteria apply.
- Paxlovid participants cannot take part again.

## PANORAMIC's top hub recruiters in August

Symphony Healthcare Services  
11.4%

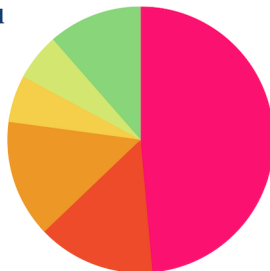

Greater Glasgow Health Board  
5.7%

Dorking Healthcare  
5.7%

Honiton Surgery
