PREPARATION FOR END OF MARCH 2024

As we move nearer to the end of recruitment please remember to:

PANORAMIC
has recruited
29,208
PARTICIPANTS

DATA QUERIES

resolve any outstanding data queries on Spinnaker

INVESTIGATOR SITE FILES

ensure your Investigator Site File (ISF) is complete with all essential and site specific documents saved and filed

see the panoramic.org website for the list of essential documents

the ISF contents page will be emailed to you shortly to assist with filing documents correctly

DELEGATION LOGS

ensure delegation logs are up to date and stop dates have been added for any leavers

UPDATED GCP CERTIFICATES

forward any renewed GCP certificates to the Central Team

TRIAL DATA

begin making appropriate plans for the retention of trial data

let's continue with the recruitment push

right up until the end of **MARCH 2024**

Please familiarise yourself with the changes to the recently disseminated **Pre-randomisation Call Working Instructions** and file the WI in your ISF, Section 11.1

Thank you for adding notes to the **patient registration forms** when you follow up registrations, this helps the Central Team monitor the action being taken with contact/randomisation
