PANORAMIC NEWSLETTER

🏁 IT'S THE FINAL COUNTDOWN! 🏁

After 2 years of hard work, dedication, and recruiting almost 30 thousand participants, **PANORAMIC will close to recruitment at the end of March 2024.**

This is the **last chance for all of us to make a final, massive recruitment push**. Let's make these next few months as impactful as possible and finish strong!

We recruited 2191 new participants in 2023

1086 participants were randomised to Paxlovid in 2023

In 2023 our top hub recruiter was Public Health Wales

New Registrations

Please try to **action registrations on the day that they come in** to ensure that every eligible patient is randomised within the 5-day symptom window and before the 4pm randomisation deadline.

Randomisation Procedure

It is imperative that randomising clinicians **check patients' medical records for their histories and medications prior to randomisation.**

This is to ensure the safety of our participants and compliance with the trial protocol and regulatory bodies.

Please remember to submit your invoices for any unclaimed trial expenses.

New Year, New Staff

If you've recently had a turnover of your PANORAMIC staff, don't forget to **update your delegation log with start/ stop dates** as soon as possible and email a copy to the main trial inbox once completed.

In case you missed it...

PANORAMIC celebrated its 2-year anniversary on 8th December 2023!

An incredible milestone that would not have been possible without the joint contribution of all our hubs, participants and central team. We've compiled some reflections and a celebratory article to commemorate this achievement. Please see the website to read more: panoramictrial.org
