What is the trial about?

	1.	COVID-19 is caused by a new virus that makes lots of people poorly.
	2.	Some people get more poorly with the virus.
	3.	There is not a medicine that can stop you getting poorly and going to hospital.

We want to find a new medicine to help people get better quicker.

We are testing some new medicines which may help people, but might not yet have a licence for use in the UK.

4.

A doctor or nurse will tell you if the new medicine given to you, is safe for you.
